Fajita Recipe

The great thing about fajitas is that you can adjust the recipe to your taste. Serve all the cooked ingredients and let your guests create their own. What a great and easy way to entertain!

Lay Tortillas on a lightly oiled sheet pan, cover with aluminum foil, place in a pre heated 225* oven while you cook the Vegetable Fajita Mix and Skirt Steak (these will cook at approximately the same rate). Heat 5-10 minutes. Once done, you can place one on top of the other and cover to hold heat.

Cut skirt steak in strips, cut with the grain for best texture. Season with olive oil, salt, pepper, chopped garlic, cumin and a twist of lemon to taste then toss to coat evenly. You can marinate overnight for a more intense flavor.

Skirt steak is very easy to cook. Place in a lightly oiled hot skillet, brown meat and cook to your liking, remove from heat and place on platter.

Cook Citarella Fajita Vegetable mix in an oiled skillet until tender, remove from heat and serve on platter.

Jalapenos, diced- set aside and let guests add as they like.

Serve with Citarella Guacamole and Salsa.

Remember, you can replace the skirt steak with Chicken or Shrimp.

The Citarella Story

Established in 1912, Citarella continues to be a family run business. Led by the driving passion and vision of our owner Joe Gurrera, we have grown from a venerable seafood shop into one of the top food destinations in Manhattan and the Hamptons. Our selection includes the highest quality prime meats--all hand picked and dry aged, fresh produce, chef prepared foods and pastries, artisan cheeses, cured meats, smoked fish and an exceptional collection of our own Citarella brand olive oils, vinegars, pastas, sauces and chocolates... and we continue to stay true to our roots with the most incredible variety of the freshest seafood!

Visit us at one of our 5 locations or shop at www.Citarella.com.

"One of the best markets in the city...where fish, meats, poultry & produce are arrayed like jewelry..."

~New York Times

The Citarella Family

Over 25 years ago, Citarella purchased a wholesale fish company - *Lockwood & Winant*, to eliminate the middleman & offer the freshest fish available at the fairest price. In 2007, we opened *Meat without Feet* which is a seafood supplier to leading restaurants. Between the two wholesale fish businesses, we are one of the biggest players at the Fulton Fish Market in Hunts Point. In the fall of 2008, we opened our *FULTON* Restaurant on the Upper East Side celebrating the legendary Fulton Fish Market. Executive Chef Jeremy Culver's tempting mix of new, innovative dishes and updated classics has made *FULTON* the destination for market-fresh seafood lovers.
